

A WIND OF DEATH SWEEPED OVER OHIO

FATAL CYCLONE VISITS THE BUCKEYE STATE.

Two Men Instantly Killed Near Fremont—Narrow Escape of the City—Houses and Barns Demolished—Property Loss Heavy—Felt in Iowa.

Fremont, Ohio, April 21.—A cyclone which proved fatal to two persons and which did damage amounting to many thousands of dollars passed across Sandusky county Monday afternoon. It was just 3 o'clock when a big, black, whirling cloud was seen in the southwest approaching at a fearful speed and apparently headed for the heart of the city. People on the streets cried out to each other in fear and ran in search of a place of refuge. In five minutes the cloud had gone on its way, passing close to the city's western outskirts and disappearing in the distance. In its wake was a path of desolation, ruin and death.

William L. Greene, together with his son, James, and the latter's family, occupied a large frame residence on a farm directly in the path of the storm. The house was crushed, W. L. Greene was killed outright and his mangled remains carried some distance from the site of the building.

Mrs. James Greene was badly injured and will probably not recover. Her infant child was peacefully sleeping in a cradle when the house was struck. The cradle and its occupant were picked up like a feather and carried quite a distance in an adjoining field. When discovered the cradle was smashed, but the babe was unharmed.

At the farm of Amos Hetrick John Low and Hetrick were shearing sheep in a barn. The barn was leveled to the ground. Low was blown out of the barn across a forty-acre field against a tree and was instantly killed. Hetrick escaped with light injuries. A young child of Charles Tucker's was badly injured by flying pieces of timber. Abraham Fought, a farmer, was struck and arm and leg were broken. Ruins, scattered far and wide, are all that are now left of what were a few hours ago many ideal country houses and farms.

At 11 o'clock at night there was great excitement caused by the rumor that the Ball schoolhouse, in Rice township, had been demolished and that many of the scholars were seriously injured. This report could not be substantiated, however. A large number of oil derricks near Kingsway were blown down and rendered useless. The damage in this particular alone will be very great. The damage in this locality will be fully \$100,000 to farm stock and property.

At Muscatong creek, where the Wheeling & Lake Erie railroad lies in the path of the storm, fearful damage was done. The road bridge, a fine iron structure, was twisted all out of shape. A bad wreck was nearly occasioned, as a freight train east bound was passing at the time. A large tree fell across the train, striking the caboose, crushing it like an egg shell. Several trainmen were in the caboose at the time, but they miraculously escaped injury. At Booktown, several miles directly north of this place, the small hamlet was laid waste. Not a building is left standing. While no one was seriously injured, many were badly bruised. The schoolhouse, just north of the hamlet, was crushed, and is a mass of ruins. Fortunately there was no school this week, else the injury there would have been appalling.

Fostoria, Ohio, April 21.—A cyclone passed over the country northwest of this city Monday afternoon, destroying hundreds of gas and oil derricks and a large amount of other property. The roof of the Hatfield brick school house, three miles northwest of the city, was blown off and the gable ends fell in, while school was in session, breaking the arm of the teacher, Miss Belle Norris, a daughter of Representative Norris. She was quite badly hurt by being struck by a rafter. Several children were injured, one little boy named Hatfield being carried several hundred feet by the wind and badly bruised. Calvin Robinson was in one of the derricks which was blown down and was buried in the wreckage. His injuries are very severe and it is feared he will die.

Severe Storm in Western Iowa. Des Moines, Iowa, April 21.—Reports come from western Iowa that a severe wind, rain and hail storm swept the northwestern part of the state Monday morning. It was especially severe along the Illinois Central railway line. A cloudburst is reported at Jefferson. At Lohrville every window-pane on the south of the buildings was broken by the hail, and at Churdan several hundred windows were blown in. No serious wash-outs are reported by the railroads, though small streams are raging torrents. The crops are uninjured, but rather helped by the moisture, the only damage being to trees and buildings.

Rhode Island Democrats. Providence, R. I., April 21.—The democratic delegates of Rhode Island, who met in state convention last March to nominate candidates for governor and other state officers, reconvened today and with the same organization will appoint the delegates to represent this state at the national convention in Chicago.

WILL BE TRIED FOR HERESY.

Illinois Presbyterians Have to Face a Big Issue.

Chicago, April 21.—The Chicago presbytery, as a whole, is about to be put on trial for heresy. This is the effect of the decision reached yesterday by Presbyterian clergymen who have opposed the admission of Rev. Frank B. Vrooman to the church. Illinois Presbyterians are thus face to face with the biggest theological and doctrinal issue that has arisen since Professor Swing was disciplined. It will be the most important question before the Illinois synod in August, and, while it is hoped that a decision may be reached then, there is every opportunity, on account of the prominence of the parties to the controversy and the gravity of the issue, that it may be carried into the general assembly, the highest authority in the church.

The particular points on which Mr. Vrooman's opinions are held to be deficient in Presbyterianism relate to the sufficiency of the vicarious sacrifice as atonement, the trinity, the eternity of punishment for sin, the character of death, and the authority of the bible.

Illinois Political News.

Springfield, Ill., April 21.—Elections are being held in over 100 cities and towns in this state today. In many places party lines are not drawn. License of the saloons is the principal issue in a majority of the towns.

Waukegan, Ill., April 21.—Various issues are up before the city and village elections, held in Lake county today. If the republicans elect all the aldermen it will make the city government solidly republican for the first time. North Chicago and Antioch vote on the license question.

Bloomington, Ill., April 21.—The city election of Bloomington took place Monday, and republican victories were recorded all over the city. Ex-Mayor Daniel T. Foster, republican candidate for mayor, was elected by a large majority over Charles J. Blodgett and George Buck, citizens' and anti-license. The new city council will be unanimously republican.

Virginia, Ill., April 21.—The republicans of Cass county held their convention at the opera house in this city Monday. Delegates to the state convention were instructed for John R. Tanner for governor, and William E. Mason for United States senator.

Paris, Ill., April 21.—The Edgar county republican convention was held Monday. Delegates to the state and senatorial conventions were appointed without instructions, though the state delegates are in favor of John R. Tanner.

Hot Contest in Louisiana.

Opelousas, La., April 21.—Five hundred armed men of both parties in the county are on the move and a desperate conflict is expected at any time. Over 250 regulars armed with Winchester have surrounded the town and their ostensible object is the capture of the court house. On the vote of the Opelousas ward depends their success or defeat in the parish and they are concentrating their efforts here. They realize that if a full vote is polled the combine will win. It is now stated positively that one regulator, Al Reed, was killed and another mortally wounded in a skirmish at Durio's, three miles from here, Monday morning.

A. P. A.'s in Secret Session.

Cincinnati, Ohio, April 21.—The national board of the A. P. A. is holding a secret meeting here. The purpose is confessedly political and hostile to McKinley. Chairman Stevens desiring to correct some of the statements of the press has issued a circular in which it is disclosed that the order is against McKinley because of his appointments, that it is not in the interest of any other candidate and that Congressman Grosvenor's denial is untrue. It is stated that statements about Congressman Linton's withdrawal are unauthorized and were sent out by the enemies of the A. P. A.

Ascribes Murder to Bastian.

Rock Island, Ill., April 21.—The coroner's jury in the case of Fred Kuschmann, who was killed Feb. 9, attributed his death to an accident. This is now believed to be a gross error, and that the evidence was not in keeping with the facts and that Kuschmann was murdered by Henry F. Bastian, being possibly the last of his many victims. The coroner has therefore decided to reopen the case, and it is believed that some very important testimony bearing on the method of Bastian and perhaps the discovery of an accomplice will be brought out.

Cullom May Not Be Present.

Washington, April 21.—Senator Cullom may not be able to attend the Illinois republican state convention. He has charge of the sundry civil bill, now under consideration in the senate, and is tied up in several conference committees on appropriation bills, and unless these are disposed of this week, it will be impossible for him to get away to attend the state convention.

Carpenters Plan a Big Strike.

New York, April 21.—Samuel Gompers said last night that he expects strikes of the United Brotherhood of Carpenters in every large city except New York. The brotherhood has 72,000 members, of whom 7,000 in this city have obtained the eight-hour day. He will go to Pittsburgh Wednesday and will then visit Chicago and Cincinnati, whence he will go to Indianapolis to direct the eight-hour strikes.

DAYS HAPPENINGS AT WASHINGTON

POLITICAL DISCUSSION IN THE HOUSE.

Both Parties Accused of Responsibility for the Delay of Needed Legislation—Bond Resolution Temporarily Laid Aside in the Senate—General Capital City News.

Washington, April 21.—In the house Monday Mr. Willis (rep., Del.) offered an amendment authorizing and directing the president to invite the commercial nations of the world to meet in international conference for the purpose of fixing an international ratio for the coinage of gold and silver. Mr. Cannon promptly interposed a point of order to cut off debate, and he was sustained.

A prolonged discussion of appropriations and expenditures was precipitated by Mr. Hopkins, who asserted that it cost \$734,000 more to collect \$169,000,000 from customs last year than it did to collect \$192,000,000 from customs in the last year of the Harrison administration. A deficiency of \$850,000 for the collection of customs was reported in the pending bill.

Mr. Hopkins thought the change of the system from specific to ad valorem duties made by the repeal of the McKinley law and the enactment of the Wilson bill might be responsible for the great increase in the cost of collecting the customs.

Mr. Dockery (dem., Mo.) asked the republican side what effort they had made with 150 majority to repeal the so-called Wilson-Gorman bill which they denounced. He taunted them with having done nothing. He recalled the campaign book of blank pages circulated by the republicans in 1894 entitled: "What Congress Has Done." With the "do-nothing" record of this congress he suggested that the democrats could effectively circulate a similar book in the coming campaign.

Mr. Dingley, chairman of the ways and means committee, was stung by Mr. Dockery into a reply. The charge that nothing had been done, he said, must be looked at in the light of the situation. The house, senate and president together, made legislation. Unless they concurred no legislation was possible. The house, as one of those three factors in legislation, was under republican control. In the house the republicans were responsible. They were not responsible for a democratic and populist senate and the influence of a democratic executive. A heated political discussion between Mr. Dingley and Mr. Sayres (Texas) followed. Mr. Hepburn (rep., Iowa), Mr. Cooper (rep., Wis.), Mr. Grout (rep., Vt.), Mr. Terry (dem., Ark.), and Mr. Cannon (rep., Ill.), also participated in the debate.

STEWART YIELDS TO ALLISON.

Bond Resolution Laid Aside to Dispose of Appropriations.

Washington, April 21.—In the senate Monday the Indian appropriation bill was taken up on motion of Mr. Pettigrew. Mr. Pepper, author of the bond resolution, was not present, but it was stated that he was cognizant that the Indian bill was thus to be taken up. The pending question related to sectarian schools. Mr. Carter (rep., Mont.) had offered an amendment striking out the provision that no appropriations shall be made to sectarian schools. After the Indian discussion had proceeded for some time, Mr. Pepper asked to have the bond resolution laid before the senate.

Mr. Pettigrew insisted on continuing with the Indian bill.

Mr. Allison, chairman of the committee on appropriations, appealed to Mr. Pepper to defer the bond resolution until the appropriation bills were out of the way, and Mr. Pepper was about to assent, saying that Mr. Allison's statement was evidently in good faith, but Mr. Stewart objected to delay.

Mr. Wolcott appealed to Mr. Stewart to yield, saying that the friends of the bond resolution would certainly gain by accepting the proposition of Mr. Allison, as the resolution would thus secure the aided support of those who were now urging the appropriation bills as against the bond resolution.

Mr. Stewart yielded reluctantly, turning to Mr. Allison behind him, saying: "It might as well be known that when the time comes there will be a contest to an end on this subject. We will stand to it day after day to the end. It will be no child's play. The administration is fighting it. Now, when the fight comes, will the senator (Allison) be here?"

"I am likely to be in this neighborhood," answered Mr. Allison.

The unanimous agreement was thereupon made to postpone temporarily the bond resolution until appropriation bills now reported were disposed of.

General Service Pension Bill.

Washington, April 21.—The invalid pensions committee of the house began today the consideration of a general service pension for all soldiers of the late war. The committee has secured data showing that a pension of \$8 a month to all soldiers who served ninety days or longer and who have reached the age of 62 years will increase the annual budget by from \$9,000,000 to \$10,000,000 for a few years, when the amount will decrease as a result of death.

SIX MEN ARE CAUGHT BY FALLING WALLS

A FATAL ACCIDENT OCCURS AT DULUTH, MINN.

Many More May be in The Ruins of the Northern Pacific Railroad Company's Wrecked Warehouse—Search For the Bodies Now Being Made.

Duluth, Minn., April 21.—Thousands of people watched the nearly completed warehouse of the Northern Pacific Railroad Company burn Monday afternoon, and many of the number declare that they saw six men, names unknown, go down to death with the falling walls of the structure.

Up to a late hour in the evening no men have been reported missing, but nothing can be proved by this, as most of the men employed around the warehouse and on the docks, where the fire took place, are men who live in the hotels scattered about the city and who have no families to report their absence.

Today the roll of all the men employed about the building will be called, and a search will be made in the ruins for bodies. This search would have been made yesterday but the timbers were still burning, and the only streams that could be thrown on them were from the fire tug on a trestle, where the fire engines could not go.

The fire started in the tarhouse on the roof of the warehouse, and was driven by the strong wind with lightning-like rapidity the full length of the building, 600 feet. Dozens of men were at work and dozens more were watching the workmen, and it is feared that some of these men are supposed to be under the ruins. The spectators who claim to have seen the men enveloped by the flames stood on an elevation a short distance away and had a clear view of the fire, much better than had those close at hand, from whom everything was hidden by black smoke.

Hugh Niles, a fireman, and John Jeffrey, a carpenter employed on the building, were fatally injured by falling timbers, and are now at the hospital, in a dying condition. The men who escaped by being taken from the trestle by the tug Carrington, when the flames had cut off all other retreat, say that several of their number remained behind, and if this is the case they are now under the blackened timbers.

The property loss from the fire is \$20,000, fully covered by insurance.

BRYAN MURDER CASE.

The Defense is Leaving No Stone Unturned to Secure Evidence.

Newport, Ky., April 21.—When Judge Helm convened the Campbell circuit court at 9:30 this morning Scott Jackson, the alleged murderer of Miss Pearl Bryan, was placed on trial, and the first judicial attempt to solve the Fort Thomas mystery was begun.

Detective John Seward of Somerset, Ky., who gained fame by his connection with the Hearne-Stilwell murder case, at Hannibal, Mo., held a long consultation with Col. Crawford yesterday. Seward has been in the employ of the defense for two months and claims to have positive evidence that Pearl Bryan was dead before she was taken out of Cincinnati. He says that a woman and a doctor were connected with the murder and that neither has been located by the police; that had Pearl Bryan followed the directions of the physician in question she would have been alive today. It is thought Seward will spring sensations at the trial, although he may not take the stand. Should Seward make good his assertions Jackson cannot be convicted in Kentucky and if not convicted here he must go free.

Massachusetts Democrats.

Boston, Mass., April 21.—Preparations for the democratic state convention here today are complete. The withdrawal of ex-Governor Russell as a candidate for delegate at large has brought out several candidates, among whom are James Donovan, chairman of the democratic city committee; John B. Moran and John W. Coughlin of Fall River. It is thought that the fight will be between Donovan and Moran, and that Coughlin, who is a personal friend of Donovan, will be induced to withdraw. It seems to be the general impression that the convention will endorse the presidential candidacy of ex-Governor Russell.

Indiana Coal Strike Expected.

Terre Haute, Ind., April 21.—The railroad companies which use Indiana coal for their engines are laying in a supply in the confident anticipation of an interruption of mining operations in the state at the first of the month. The operators and miners are holding their conference here today to try to agree on a wage scale for the scale year, but no one believes that an agreement will be reached before the first of the month. The men are determined to ask for 66 cents a ton, which is an advance of 6 cents.

Sedalia's Bond Approved.

Sedalia, Mo., April 21.—Sedalia is in a very happy mood over the approval by Governor Stone of the \$600,000 bond furnished by the city to guarantee the state that the new capitol buildings will not cost the taxpayers of the state a dollar in case the voters of Missouri at the November election decide to remove the capital from Jefferson City to Sedalia.

RUSSELL GETS THE DELEGATES

Boston, April 21.—The state democratic convention today chose delegates to Chicago and instructed them for ex-Governor Russell. A single gold standard was endorsed.

HARRISON A DARK HORSE.

His Friends Now Believe the Ex-President Would Make the Race.

Indianapolis, Ind., April 21.—It is given out that the "Harrison stalwarts" are so much encouraged with the revival of the Harrison sentiment in the state that they have decided to make a determined fight against the state convention instructing for McKinley. Their latest move is to call upon the uninstructed district delegates to pledge themselves to vote against McKinley if the state convention shall instruct the four delegates-at-large. They announce that there are twelve district delegates that are willing to enter into a compact of this kind. Men who have talked with Harrison since he was married are said to have made up their minds that he does not intend to throw any additional obstacle in the way of his nomination. They have reached this conclusion not from anything in particular that he has said, but from the general trend of his conversation and from his actions.

Disastrous Landslide.

North Tonawanda, N. Y., April 21.—A disastrous landslide occurred at the outskirts of Tonawanda Monday morning which swept farm buildings from their foundations and carried away a large part of the Fritz Lumber company's yard near the Erie canal. The Buffalo & Rochester Transportation company's freight house was demolished. The farmers thought it was an earthquake. One of the farmers was horrified to see his residence, together with his barns and outbuildings, gradually sink below the surface. The family had just escaped from the house in time to avoid being injured. It is thought quicksand is the cause of the landslide. Another farm adjacent to the one already demolished is momentarily expected to take a drop of about fourteen feet. The loss will be about \$100,000.

Heavy Windstorm in Pennsylvania.

New Castle, Pa., April 21.—The heaviest windstorm that has visited this city occurred Monday evening. For half an hour the rain fell in torrents and the wind blew everything loose that was movable. There were many narrow escapes from death. The front of Charles Earle's west side store was blown in. Three school buildings were completely unroofed, while the Catholic church suffered a similar fate. Two new residences were blown down and the handsome residence of John Marshall had its roof blown off. It is believed that other and worse damage has been done in the county districts in the wake of the storm.

Western Baseball League.

Cincinnati, O., April 21.—The Western League's base ball season opens Wednesday, and President Ban Johnson has issued his first general order to the members of his staff of umpires. "Sandy" McDermott goes to Milwaukee, where St. Paul will play; McDonald, of last year's league corps officiates at Kansas City, where Minneapolis is scheduled; Snyder goes to Hoosierdom to act in the Indianapolis-Detroit debate, while Charley Murphy makes his debut at Columbus, where the Western's baby meets Grands Rapids.

Washout on the Burlington.

Farnum, Neb., April 21.—The damage to B. & M. railroad property by the washout four miles west of here is quite heavy. At Plum Creek canon the railroad track, ties and roadbed were swept down stream like so much driftwood. At the west end of the cut a seventy-five foot embankment was washed completely away. The steel rails were bent and twisted by the violence of the flood. All traffic is suspended. Wrecking crews are at work on both ends of the washout.

Bryan Also Ready to Bolt.

Des Moines, Iowa, April 21.—Ex-Congressman W. J. Bryan of Nebraska spoke here Monday night to a large audience on the alleged crime of 1873. In an interview he said the winning ticket must endorse free silver in the coming campaign, and that unless the republicans declare for it in the St. Louis platform they will not carry a state west of the Missouri river. The silver men will control the democratic convention at Chicago or, with himself, bolt it.

Riot in Western Kansas.

Topeka, Kas., April 21.—Gov. Morrill received a dispatch late last night asking that troops be sent to St. John, Stafford county, to quell a riot. The dispatch was signed by the sheriff and county attorney. The cause of the disturbance was not stated. The governor ordered Adj.-Gen. Fox to proceed to St. John at once, taking with him the company of militia at Newton. Gen. Fox left on the midnight train.

Texas Republicans Assemble.

Houston, Tex., April 21.—The reform republicans (lily whites) held their state convention here Monday. No presidential instructions were given, the delegates being prepared to treat with whichever faction will give them recognition. The presidential electors are McKinley men.

ATLAS MANUFACTURING CO. CLOSED BY THE SHERIFF.

Immediately After He Took Possession on a Mortgage, An Assignment Was Made—Assets Exceed the Liabilities By Two Thousand Dollars.

Sheboygan, Wis., April 21.—[Special]—The Atlas Manufacturing Company's works were closed by the sheriff on a mortgage this morning and immediately afterward an assignment was made. The assets exceed the liabilities by \$2,000. The move caused general surprise in the city.

Maiden Lady's Suicide

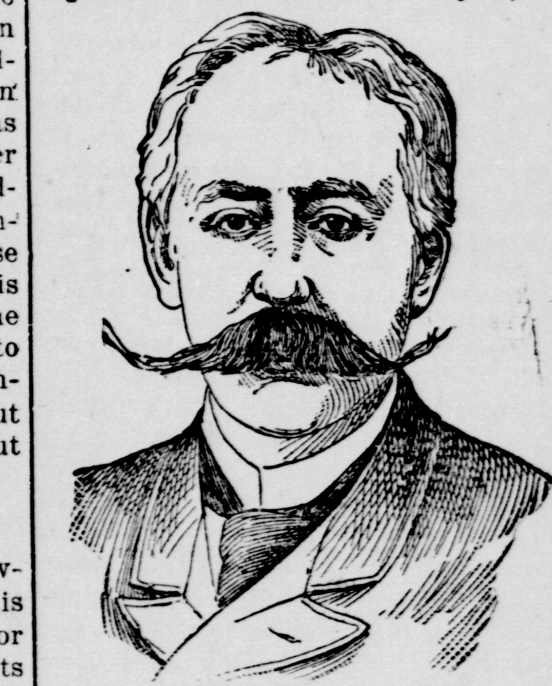

Two Rivers, Wis., April 21.—[Special]—Miss Louise Schroeder, a maiden lady, aged sixty-five years committed suicide this morning by hanging herself. Despondency was the cause of the act.

BARON HIRSCH IS DEAD

The Jewish Philanthropist Passes Away at Vienna.

Vienna, April 21.—Baron de Hirsch, the noted Jewish philanthropist died this morning.

Baron de Hirsch has always been noted for his philanthropy and has given millions of dollars to charity. He is reputed to be worth more than \$100,000,000.

BARON DE HIRSCH.

While he may be considered the architect of his own fortunes, he had a good foundation to build on, for his father and grandfather were wealthy men before him. His father was created a baron by the king of Bavaria in consideration of his wealth and extensive estates. The present baron, who was born in 1833, was a member of the European banking firm of Bischoffsheim & Goldsmidt and married the daughter and heiress of the head of the house. His wife is considered one of the ablest and most lovable women in Europe.

MANY MILLIONS MISSING.

Baltimore & Ohio Officials Find an Immense Shortage.

Washington, April 21.—The reorganization committee of the Baltimore and Ohio railroad has struck a snag. The sum of \$30,000,000 is missing and nobody is yet able to tell where it has gone. The committee cannot proceed any further in the direction of getting that railway system out of the hands of the receivers and the courts until the mystery of the disappearance of this enormous amount of money is cleared up.

This statement is based upon the authority of one of the most prominent business men of Baltimore. He had the information, he states, from one of the members of the organization committee, who went to him for advice in the premises. The committee, he alleges, discovered that from 1883 to the date of the election of Cowan as president of the company full \$30,000,000 of the Baltimore and Ohio securities were disposed of without reports of the transaction or transactions being made to the treasurer of the company. Of this amount the floating debt was increased by a cause as yet unexplained from about \$3,500,000 in 1888 to about \$16,000,000, a total of about \$12,000,000, at the date of the last annual report in 1895, while as regards the remaining \$16,500,000, it is shown that up to this time there has been nothing whatever learned as to what became of a good portion thereof.

PEORIA WINS IT.

Illinois Democratic State Convention to Be Held There June 23.

Chicago, April 21.—By a vote of 21 to 9 the democratic state central committee decided Monday to award the state convention to Peoria. Unanimously, the committeemen selected June 23 as the date of the convention, and with the same undivided sentiment fixed the basis of representation in the convention at one delegate for every 400 votes cast for Cleveland for president in 1892. This apportionment means a convention of 1,069 delegates, of which number Cook county will send 362. The question of selecting a candidate for United States senator by the people was not touched on by the committee.

Will Investigate MacKay Charges.

Lincoln, Neb., April 21.—Thursday Governor Holcomb will go to Norfolk and begin an investigation of the sensational charges recently filed against Superintendent MacKay.

WAGON PASSED OVER WILL
DUNWELL'S STOMACH.

Injuries are Serious, Several Ribs Having Been Broken—Other College Town News—Evansville Circus Nearly Ready to Start Out—Farm Work Retarded—County News.

Milton, April 21—Joe Waterman's team ran away Monday, being frightened by a dog and the young man and Will Dunwell, who was with him, were both thrown out. The tip-over occurred east of Rev. W. T. Millar's house and the team did not halt until they attempted to go both sides of a tree in the park. Waterman escaped with some slight bruises, but Dunwell was less fortunate. One of the wheels passed over his stomach, and one or more ribs were broken. His injuries are believed to be serious. The canine that caused the fracas is dead. The recent rains interfered with the work farmers are anxious to do, but the water is needed. Fetherston Bros. shipped three cars of live stock and Vincent and Hassenberger one last week. Saunders received a carload of lime and one of lumber. Will Davis and family of Janesville, were visitors here Saturday. C. F. Tomkins came back from his southern visit Friday. He expects to locate in Southern Wisconsin or Illinois, not being favorably impressed with the south. Foreman W. S. Jones of Janesville, has a gang at work in the Soverhill & Porter warehouses putting up a pack of 300 cases of '65. It is bundled goods that were run over the tables in Janesville. Conductor J. G. Bond who runs a train on the B. & O. road in West Virginia is at home to spend a few weeks with his family. The park presents a charming view these days, and the removal of the rubbish therefrom has added to its beauty. Mrs. E. B. Saunders who has been spending some time in West Virginia is as home again.

GROVE FARM WORK RETARDED
Rains Have Prevented the Sowing of Small Grains—Other Items.

Emerald Grove, April 21—There was plenty of rain the last week, and farm work is progressing slowly; not over one-third of the small grain has been sown. The showers come thick and fast, almost every day. School commenced on Monday morning with twenty-three enrolled, Miss Jennie D. McArthur as teacher. C. D. Fitch runs his separator every day, since the warm weather arrived. We are glad to know Frank Ross has a position with the Edgerton Creamery Company. Last Friday evening Miss Libbie Westby entertained some forty of her young friends, the occasion being the fourteenth anniversary of her birthday. No one lacked for fun or a good time. Gillies & Jones are again cutting some of that wonderful cream cheese at twelve cents a pound. The annual meeting of the Emerald Grove cemetery association was held last Friday evening. E. H. Ransom was chosen president for a term of three years; W. H. Davis was appointed sexton in the place of Charles Lander and W. J. Jones as secretary and treasurer. W. F. Goodrich is doing some building for his tenant on the farm in the suburbs. Thomas Jones had a horse die from overwork on Thursday of last week. V. S. Brown of Janesville, was called out here on Saturday. Mrs. Margaret McWay and Miss Agnes Wallace of Janesville, spent Saturday and Sunday in the country with relatives. Frank Baldwin of Janesville, is about to open a harness shop in this place. In a few days he will be in readiness to attend to the wants of the people.

SOCIAL PLANNED AT AFTON
Young Ladies of the Baptist Church to Entertain Friday.

Afton April 21—The young ladies of the Baptist church and society are arranging to give an ice cream social at the church Friday evening, May 1. A good program is being prepared and the occasion promises to be an enjoyable one. All are cordially invited. The Lawton store which was closed for a few days on account of the proprietor's death, is once more open for business and is under the management of William M. Lawton. At the Baptist church next Sunday evening, the pastor C. D. Mayhew will talk on "Heaven and Hell." John Bartels and family have moved from the Lynch house back to their own dwelling, recently occupied by Fred Bartling. Mrs. E. A. Waters and son Ed will move up from Durand Ill., and occupy the Lynch house. William Brinkman has had statement blanks printed and will hereafter issue them monthly to the patrons of Afton creamery, showing in detail the work done for each patron. The creamery is in a flourishing condition. Miss Anna L. Tank spent Sunday with Beloit relatives. There was no meeting of the Modern Woodmen last Saturday evening, owing to rain. Superintendent David Throne and Principal F. P. Starr attended the meeting of the executive committee of the Rock County Teachers' association at Janesville last Saturday. Mr. Starr is president of the association.

Gossip From Cooksville

Cooksville, April 21—Miss Libbie Jenkins of Oshkosh, is visiting her cousins, Miss Ella Morgan and Mrs. Cloudeen Stebbins. Mrs. E. Love, Mrs. C. Miller and Miss Kate Miller visited the Bower City Wednesday last. Miss Belle Rice returned from Janesville Wednesday last. Jimmie Hanson from near Dayton, Green county, visited old friends here Saturday and Sunday last. Many pronounce the Cooper medal contest under the management of Mrs. H. P. Richardson to be the best one ever given in this place. The program was elaborate and each one did themselves proud. It was difficult to award the medal it was so closely contested. It was presented to Mrs. Minnie Campbell. Harry Stebbins has been sick for a few days past. Do not fail to attend the Equal suffrage contest in the church at Cooksville April 24. Ice cream and cake will be served after the program.

OLD COUNCIL MEETS FOR THE LAST TIME

RETIRING ALDERMEN ARE NOW
PRIVATE CITIZENS.

Considerable Business Was Transacted; The Mayor Thanked the Members Complimented Them For Faithful and Efficient Work; and Adjournment Sine Die Followed.

The old common council last night granted A. C. Kent a permit to build at the corner of Court and Park streets. Transacted E. D. Miller's license to Johnson & Donahoe. Appointed a committee to welcome the Modern Woodmen on the day of the big picnic. Received the oaths and bonds of the new officers. Found the city treasurer's reports for two months to be correct. Heard a report from the special water works committee telling of the progress of the work. Granted the Bower City Light & Power Company permission to repair their lines under the chief engineer's directions. Ordered a grade established on South Main and Sharon streets. Gave the Water Company permission to use the Fourth avenue bridge while repairing their pipes. Received the thanks of the mayor for their many courtesies and close attention to business. Adjourned sine die.

All the aldermen were present except Alderman Smith and Alderman McLean. After the minutes had been read and approved, the clerk presented the oaths and bonds of the officers elect which were referred to the proper committees and afterwards received and filed as being of due form.

A. C. Kent's petition asking for a building permit, which was referred to the council by Chief Spencer, was granted after the fire and water committee had looked into the matter. The profile and grade of Carrington and Wheeler streets were referred to the Highway committee, and afterwards reported back and adopted.

George Schaller's petition on that the council look into the lower end of Jackson street in Rockport, which he claimed was used as a dumping ground, and also the lots of Mrs. Barron, were referred to the aldermen of the Fourth ward, who reported in favor of having the city engineer give the matter his attention. The report was adopted.

E. D. Miller's application for the transfer of his license to Johnson & Donahoe was referred to the license committee, and the accompanying bond was referred to the judiciary committee. Both reports were favorable so the license was transferred and the bond accepted.

Ex-alderman Arnold addressed the council regarding the Woodmen's picnic and said 20,000 people would be here. The local camp had guaranteed the expenses and the camp wanted the endorsement of the council. He also extended an invitation to the council and city officials to take part in the exercises.

Mayor Baines Vouched For the City. Mayor Baines said he thought he could vouch for the city and predicted that the welcome accorded would be hearty.

Alderman Burnham of the sewerage committee said L. A. Williams wanted to connect his block with the sewer emptying into the race and that he brought the matter to the council's attention at Mr. Williams' request, although he did not think the matter was one over which the city had jurisdiction, as the sewer emptied into private property. Mr. Williams also addressed the council. No action was taken although it was suggested that he consult the owners of the raceway.

Chairman Heddles, of the special water works committee, reported that the committee had hired Civil Engineer Edward Ruger, and Expert Accountant J. C. Card, as authorized, and that both were at work. The committee hopes to make a report in the near future. The report was adopted.

Alderman Kothman presented a resolution extending the welcome and freedom of the city to the Modern Woodmen; appointing the mayor, city clerk and city treasurer as a committee; and accepting the Woodmen's invitation to take part in the celebration, which was adopted.

Power Company Can Fix Lines

On motion of Alderman Heddles, the Bower City Light and Power Company, and its receiver, were granted permission to repair its lines, guards to be put up to the satisfaction of the chief engineer, the same to be replaced with insulated wire within one year. Adopted.

Ald. Inman's motion that the city engineer make a profile and grade of South Main street from South First street to Sharon street, and also on Sharon street, was adopted.

On Ald. Stearns' motion a block cross-walk was ordered laid across Wall street on the east side of Madison street.

On Ald. Hemming's motion, the Water Company was granted permission to use Fourth avenue bridge while repairing their pipes, the city to be held free from all damages.

This being the last meeting, Clerk Badger read the minutes, and they were approved.

Mayor Baines thanked the council for courtesies extended him, and for their close attention to business, saying that but one adjournment had been necessary in the year, because of the lack of a quorum. Many questions of importance had been before the council he said, and all had been handled with care and good judgment. On motion of Alderman Burnham the council adjourned sine die.

THE OVERFLOW OF LOCAL NEWS.

"KAFFIR CORN" NOT A DESIRABLE CROP

DEAN HENRY ISSUES AGRICULTURAL NOTES.

Says the Much Advertised Novelty Does Not Pay as Well as the Common Variety—Red Clover is a Good Crop—Advises Farmers to Raise Good Colts

In his "Notes from the Agricultural College," Dean W. A. Henry sends out the information that "Kaffir corn" is not, in his estimation, a profitable crop, and he advises farmers in this state to pay no attention to this novelty which is so much advertised this season, as the same amount of energy spent on Indian corn will give better returns.

"Probably twenty letters have come to the station this spring inquiring about crimson clover," he says. "This plant is an annual. If sown in the spring it will mature its seed and die, yielding one or two tons of hay per acre. If sown in the fall in localities where the winters are mild, as in Delaware and North Carolina, it lives over winter just as winter wheat does with us and runs to seed the following summer in May. Crimson clover is highly appreciated by orchardists and gardeners for enriching the land.

"We have tried crimson clover several times at this station with results always in favor of medium red clover. If farmers will sow red clover seed by itself, as they must do with crimson clover, they will get in all ordinary years a very fair crop of hay the first season—fully as much as from crimson clover, and the plants will live over the winter to make a full crop of hay the second summer, while the crimson clover under the same conditions will be dead.

"Only yesterday I walked over our patch of crimson clover sown last fall, and could not find a single plant living—all were dead. We will experiment further, and if any good results can be obtained they will be reported to our Wisconsin readers.

"If writing for Delaware or North Carolina farmers, I should talk differently about crimson clover.

Raise Some Good Colts This Year.

"In farming operations we are apt to run to extremes. A few years ago every mare that could raise a colt was bred and the business of horse raising enlarged as possible, both on farms in the east and especially on the great plains of the west. As a result of this expansion, and because of the great changes in transportation due to the electricity and the bicycle, the horse market has been seriously depressed and horsemen much discouraged for the last few years. With the depression has come the destruction of immense numbers of horses, which were ordinarily saved for work or breeding. Added to this is the other fact, a most important one, but there has not been over one colt in the last two years where there were three a few years ago.

"While I concede that no one has the ability to accurately forecast the future, I ask it is not reasonable that good horses will bring good prices at no distant day. Conceding all the claims for electricity and the bicycle, there is still a vast field which must and can be occupied only by the horse. Experience on the western plains shows that good heavy draft horses and carriage horses of fine quality can not be bred with any satisfaction there and we are more sure than ever that horses of this

class must hereafter come from the farms of the Mississippi valley and eastward.

"Do our farmers realize that if they breed their mares this season it will still be six years hence, or 1902, before they will have horses of suitable age to place on the market. I believe that time will show the wisdom of breeding every good mare owned in Wisconsin this season for some specific purpose, either the production of a good draft colt, or one of the carriage horse type. Will not our Wisconsin farmers think seriously on this matter before the breeding season is past? W. A. HENRY, Madison, Wis.

LETTER FROM FENNER KIMBALL

Says His Health Is Much Improved by His Southern Visit.

Ex-Mayor Thoroughgood has received an interesting letter from Hon. Fenner Kimball, who is now at St. Petersburg, Florida, in which he says his health has been much improved by his southern trip. There had only been one-half days rain in three weeks, he says, and the climate is delightful. "See Naples and die," says someone," the letter continues; "but I say, 'see Tampa bay from St. Petersburg, and live to enjoy it as long as you can."

Mr. Kimball says he goes in bathing almost every day, and that the fishing is fine. From the pier three-fourths of a mile long, Spanish mackerel, bay trout, sheepshead and groupers are caught, while an occasional shark is also hooked. Alligators are plentiful and rattlesnakes stories are heard. They are also some moccasins snakes and coach whips. Mr. Kimball says he will leave St. Petersburg for St. Augustine this week, but will not be home until the middle of May, and many friends will be glad to learn that his visit is proving beneficial.

TWO GIRLS BLACKING SHOES.

Female Agents Sell Many Bottles of Patent Polish Here.

Two young ladies were selling liquid shoe blacking around town yesterday. Their plan is to black a man's shoes for nothing and then sell the polish for 25 cents a bottle. They did a rushing business and made numerous trips to the American Express office where they had a large supply of blacking. One of the girls sold fourteen bottles, while her partner managed to dispose of eighteen bottles in the Jackson block alone. They will remain for one day longer.

WHAT SORT OF ADS

DO WOMEN READ?

THEY WILL TELL FOR THEMSELVES MAY I.

Lively Interest in the Ten Dollar Competition is Shown—Store News is the Best Kind of News to Hundreds of Readers—Who Get the Greenback.

What sort of an ad. has most influence on women?

Every advertiser in town wants to know and The Gazette competition will give him a chance.

Women are taking a lively interest in the prize offer.

Several are making from six to a dozen lists each, in this way giving themselves the benefit of every doubt when three or four ads. seem to be equally good.

The ads. that they choose as the most effective will be reproduced in miniature when the competition ends.

One thing about good ads.—they are newsy. Women are interested—deeply interested—in NEWS about dry goods, about shoes, about house furnishings, about groceries. She finds such news profitable reading, for every saving she makes leaves her with just that much more pin money.

Store news, properly reported and properly edited may be just as interesting as any other part of the paper.

If you haven't begun clipping the "best ads." see that you begin tonight. The ten dollar bill may go your way as well as anywhere else. These are the conditions:

One day ad. is to be clipped from each issue of the Daily Gazette for April and marked with voter's name and the date of issue.

The bunch of advertisements—one from each issue in April—are to be mailed to the Gazette before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they choose.

The best ad. for each day will be determined by counting the ballots sent in at the end of the month. No ad. is to appear twice in one list.

The contest is confined to display ads—not reading notices or localities. Janesville ads. only.

Size, the typographical beauty and verbal cleverness are not the essential qualities. The "best ad." under the terms of this contest, is the one that seems likely to draw the most business. No matter if the wording be clumsy and the typography poor, the ad. that brings results, is the best ad. of the world over.

The ad. that makes a hundred people say "That's a fine ad." is good, but the ad. that makes a dozen people buy, is better.

Read these conditions carefully, subscribers and non-subscribers, and get your scissors ready.

A high liver with a torpid liver will not be a long liver. Correct the liver with DeWitt's Little Early Risers, little pills that cure dyspepsia and constipation. C. D. Stevens.

High School Annuals For Sale.

Those wishing high school annual to send out of town can secure them at King & Skelley's at the nominal price of 25 cents each.

IMPORTANT TO SUFFERERS.

HOW YOU MAY OBTAIN A LASTING CURE FROM PILES.

No Surgical Operation, No Pain, Trifling Expense—A Simple, Harmless Remedy, But It Does the Work.

There are some people who have piles as frequently and regularly as other people have colds.

Any little bowel trouble will bring them on, any extra exertion, as in lifting, will produce them, and in fact will often appear without any apparent provocation. Piles, however, are much more serious than a cold, as the tendency is always to grow worse until the trouble becomes deep seated and chronic, or develops into some fatal rectal disease.

While there are many pile remedies which give relief, yet there is but one which not only gives instant relief but at the same time makes a permanent cure, and that is the well known Pyramid Pile Cure.

This remedy is composed of simple, harmless, vegetable ingredients, but combine so effectively and act so promptly and thoroughly that it cures every form of piles, whether itching, blind, bleeding or protruding.

In long standing cases the Pyramid Pile Cure has proven to be the only certain cure except a surgical operation, and its advantages over an operation are many, as it is painless, causes no delay or interference with daily occupation and, last but not least, is cheaper than any surgical operation could possibly be, costing but a dollar a package at any drug store.

The cases that the Pyramid Pile Cure will not reach are so few that physicians are doing away with operations for piles and depending on this cheap but effective remedy to accomplish a complete cure, and it never disappoints except in cases beyond the reach of medical skill.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co. of Albion, Mich., and for sale by druggists everywhere at 50 cents per package. Each package contains a treatise on cause and cure of piles, together with testimonials from every section of this country.

FOR YOUR PROTECTION—Catarrh "Cures" or Tonics for Catarrh in liquid form to be taken internally, usually contain Mercury or Iodide of Potassa, or both, which are injurious if too long taken. Catarrh is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the results of catarrh will follow; severe pain in the head, a roaring sound in the ears, bad breath, and oftentimes an offensive discharge. The remedy should be quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents.

A FAIR VIEW.

Pointed comment on the political hysteria that manifests itself now and then among Wisconsin politicians, is made by a well-informed Milwaukeean. He says in regard to the action of the legislature in the treasury cases:

"Even admitting it to be wrong, I don't see how the governor can be held responsible for it. If the legislature, representing the entire party, sees fit to say that the treasurers shall have the judgments against them released, I can't understand what right the governor has to step in and say:

"You must not pass that bill because I don't think it is right and shall veto it if you do pass it." He would be placing himself in the position of a dictator, and would be much more likely to receive a pounding from his party than he would if he simply signed the bill, as he did.

"I, for one, however, have never been able to see, where either the party or the governor did wrong in that matter. Party pledges, yes; but are we as men to go on doing what we know to be an injustice because the party saw fit, for political purpose, to pledge itself not to right a wrong? Personally I am in favor of taking the bull by the horns and coming out openly in defense of the action of the legislature on the ground that the members recognized that a wrong had been done and did their best to right it. Such a position is more honest, while, certainly, from my point of view, there could be no question as to its justice.

"If you talk with any of those who are 'kicking' at the action of the legislature in the treasury cases there is not one who does not admit that from a moral point of view the legislature did right. They, every one, admit that Messrs. Kuehn and Baetz should have been let off, and they also admit that the state treasurers never ought to have been made to pay more than 3 per cent. interest. Because the party saw fit to pledge itself not to drop the fight they are pounding the governor and kicking over the traces. Now it does not strike me that such a position is consistent.

"Supposing they did release Mr. McFetridge and thereby make it possible, if the party is to be consistent, that similar reduction must be made in the amounts recovered from Messrs. Harshaw and Guenther, no such attempt will ever be made. Ex-Senator Sawyer, in talking with me on the subject some time ago, said that he should never ask for any such return, and he was the one who paid the judgments in the two cases. Mr. Sawyer said that even in case it was insisted that any of the judgments should be returned he would not receive the money, but would turn it over to the state or the university; therefore there is no danger that the people of the state will ever suffer any loss.

"Under these circumstances, I don't see why there is any reason to pound the governor for what he has done, and I believe the party will see this and his re-nomination will follow."

'THE WIFE'S' BIG CHICAGO WEEK Took in \$17,000 for Sixteen Performances - Here Tomorrow Night

"The Wife" is a charming society comedy. While the plot is of the simplest character, everything that takes place is so natural and so much within the possibilities of everyday life, that the audience is in sympathy with the play from the start. This famous play will be seen here tomorrow evening, presented by Frohman's splendid company. It will be produced under the immediate personal supervision of John Stapleton, with all the details, properties and effects that characterized the original production. During the remarkable run of "The Wife" in Chicago, the demand for seats was so great that the orchestra space had to be utilized, and for a period covering two weeks, sixteen performances, the receipts at Hooley's theatre exceeded \$17,111.

A POISONED LIVER.

Don't Keep Poison In Your Body Longer Than You Have To.

If your stomach poisons your liver the consequences may be serious. What poisons arise in your stomach come from undigested food which has decomposed there. They are absorbed by your blood and go down to your liver, where they paralyze its functions and make you bilious.

Finally they go into the blood again and are carried all over the body, disordering your different organs, and perhaps making you dangerously sick. This is the origin of many diseases which are not always known for what they are.

The poisons of undigested food can only be got rid of by the use of a purifying, strengthening, digestive tonic, like the Shaker Digestive Cordial.

A few doses of this wonderful cordial will soon clear away all undigested, fermenting, poisonous substances, restore your appetite, aid you to digest your food, purify your liver and blood of all dangerous poisons, and restore you to perfect health.

It will cure biliousness, indigestion, nausea, headache, dizziness, mental depression, weakness, fever, flatulence, constipation, loss of appetite, bad taste in mouth, stomach-ache, anemia, rheumatism, etc., where other medicines will barely give relief.

When a baby comes to the house real happiness comes. The care and anxiety count for nothing against the clinging touch of the little hands and the sound of the little voice. The highest function given to human beings is bringing healthy, happy children into the world. Over thirty years ago the needs of women appealed to Dr. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y.

The result of his study improved by thirty years of practice is embodied in Dr. Pierce's Favorite Prescription. It strengthens, purifies and makes healthy the organs distinctly feminine. It gives weak women the strength and health necessary for the production of healthy children and it makes the bearing of those children easy. It is sure to cure any weakness or derangement peculiar to women; stops pain, soothes inflammation, strengthens, purifies, invigorates.

MANY WOULD WEAR OFFICERS STRAPS

LIGHT INFANTRY MEN ARE LOOKING FOR PROMOTION.

Second Lieutenant Kerry Will Succeed First Lieutenant Rooney, But Who Will Succeed Him?—Five Sergeants are Candidates and All Have Strong Backing.

There is quite a strong rivalry between various members of the Janesville Light Infantry, for the right to wear shoulder straps and a sword.

The resignation of First Lieutenant Leo Rooney makes a vacancy which the company must fill. Second Lieutenant Walter S. Kerry will undoubtedly be advanced to the rank of first lieutenant, but who will succeed him as second lieutenant has not as yet been decided. There are five sergeants in the company, all of whom are candidates for the place. They are:

Sergeant Henry Baldwin.
Sergeant Herman Zander.
Sergeant Frank Bloedel.
Sergeant Edward Bauman.
Sergeant Dell Cannon.

That any one of these men would make a capable and efficient officer, the members of the company are satisfied, but each has his friends and the campaign is being carried on vigorously.

Lieutenant Rooney's resignation has not yet been passed upon, as it has to go through a good many hands before it can be finally accepted or rejected. First it was given to Captain Hanson, who sent it to Colonel Schadel at Monroe. From the colonel it goes to Adjutant General King and from his office to Governor Upham, so that it may be some days yet before official action is taken.

When They Go To Camp.

Janesville militia men are much interested in the discussion as to when the company will go into camp. The local company has always gone to Camp Douglas on Sunday, but this year they probably go on Saturday.

The idea however does not meet with general approval and General King has written a letter addressed to Rev. A. V. C. Schenck, as the representative of the Presbyterian Synod, which is a reply to the criticisms and petitions of a large number of church people of Wisconsin against sending companies to camp on the Sabbath day. In taking issue with the ecclesiastical bodies as to the good which will result, he says:

"The state of Wisconsin limits the number of days to seven in which the national guard can be ordered into camp of instruction, and these seven days include the time spent in transporting the troops to and from camp. It has been found, therefore, that only five working days can be had at camp where so short is the time, so broad is the scope of instruction and so important each and every one of the drills, maneuvers and exercises, that every moment is precious.

Chaplain Back Him Up

"Even now it is remarked on all hands by experienced soldiers that our men have only just begun to get settled down to their work when it is time to quit camp and go home. If the troops were sent to camp in mid-week and Sunday allowed to intervene as one of these five precious days, it would mean exactly twenty-four hours taken out of the 124 to be devoted to instructions. One-fifth of the year's progress in drills, discipline and rifle practice in the open field would have to be sacrificed and from a military, an economic and a business point of view would prove a total loss."

He therefore calls attention to the fact that whereas the troops have heretofore gone to camp in disciplined silence, they would on Saturday be outside of military discipline; that it would also entail the loss of a day's salary to the men, and require them to pay their bands, cooks and camp servants for an extra day's service. He also cites letters from four chaplains of the regiments approving his views.

FRENCH PAINTING AS TAFT SEES IT

GRAPHIC LECTURE BY THE CHICAGO SCULPTOR.

Parisian Studios Have Given the Note For All Europe—Some of the Leaders Who Are Represented in the Famous Gallery of the Luxembourg.

Lorado Taft, the eminent Chicago sculptor, lectured in the Congregational church under the auspices of the Janesville Art League last evening. His audience was of very fair proportions considering the weather, and there are hopes that Mr. Taft may be induced to visit the city again when the Art League's next exhibit is held. He was introduced last evening by John M. Whitehead.

Much broader than the title indicated, was his lecture. "The Luxembourg" was his theme but he dealt with the art of all Europe to prove that the painters of Russia, Norway, Sweden, Germany and even England learn the "grammar" of their art today from the French. Men of small individuality come from their Parisian apprenticeship veritable "little Frenchmen," but men of strength are made stronger and take home the ability to interpret more faithfully the beauty of their own land.

Not Men of Frivolous Bent.

"They speak of the new French school of artists as mannerists, as men more concerned in superficialities than in substance," said Mr. Taft. "One has but to see the men to realize how untrue is the idea. They are serious men, working patiently, earnestly for the solution of important problems. Here and there, to be sure, we find a little man who imitates a big man's method without comprehending his thought. We get a lot of blue shadows—all in the wrong place—or a tumult of red and yellow dots, and we say the man is trying simply to make a sensation."

This thought was elaborated in Mr. Taft's introduction. He then brought before his audience a series of twenty foot stereoscopic views of the treasures of the famous French gallery. In the gallery of sculpture he lingered with especial fondness and dwelt with an artist's enthusiasm on the grace of Paul Dubois, "Florentine Singer," the humor of Fremiet's "Bear and Satyr" and the rugged majesty of Rodin's "John the Baptist."

Among the Paintings.

Many other masterpieces in the hall of sculptures were pointed out before the scene changed, and a glimpse at the paintings of Gerome, Bonnat, Henner, Morot, Detaille, De Neuville, Bongerueau, Laurens, Fleury, Dupre, Breton, Harpignies, Duran, Le Febvre, Benjamin-Constant, Zorn, Edelfeldt, Alexander Harrison and other men of world-wide fame, was afforded.

Inadequate as any lantern reproduction must be, these seemed less futile because of the vivid running description by which Mr. Taft accompanied them. He was most successful in helping his hearers obey the art students' rule: "Put yourself in the painter's place and see what he was trying to do. Then decide how well he succeeded."

At the close of the lecture the ladies of the league gave a reception in honor of Mr. Taft in the church parlors.

A BELOIT WOODMAN IS HURT.

Four Cars Passed Over Dan Comfort as Rockton, Ill.

Dan Comfort, of Beloit, a workman on the St. Paul Company's gravel train, fell between the cars of a morning train at Rockton, and five cars passed over him. He hung to the ground as best he could, but was finally cut and bruised by being caught and struck by the car brakebeams and bars. He was taken to the Lapoint house, and Dr. Bell, of the Line City, attended him. His injuries are of a painful though not of a serious nature.

JOHN LYNCH'S HOUSE WAS AFIRE

Avon Man's Residence Came Near Going Up In Smoke

The residence of John Lynch at Avon caught fire in the roof while the wind was blowing a gale. Fortunately several men were working near the house, and by hard work they put the fire out before any great damage had been done, but it was a close call for the house.

Funeral of Mrs. Smith.

The funeral of Mrs. Margaret Smith was held this morning at 10 o'clock from St. Mary's church, solemn high mass being celebrated by Rev. R. J. Roche and E. M. McGinnity, assisted by Father McBride, of Oconomowoc. The song service was beautifully rendered, Prof. Thiele, of Jefferson, presiding at the organ. There was a large attendance and the floral offerings were many and beautiful. The pall bearers were Thomas Rooney, William McBride, James Rooney, George Skinner, John Cullen and Patrick Shields. The interment was at Mt. Olivet.

Of Recent Date.

Within the last few years the shirt waist has become very popular among ladies for summer wear, and without doubt is the most sensible part of woman's wear for the heated season. Such pretty patterns and styles can be bought for a very moderate amount. For instance a half dollar at Bort, Bailey & Co's. store will purchase as pretty a waist as can be wished for. They have just received two hundred dozen new waists.

EUGENE T. FISH,

HEALTH OFFICER GIBSON SAYS NUISANCES MUST GO.

Chief Acheson Issues a Warning to Cyclists Who Ride on the Walks—James Dalton Finally Pleads Guilty—Other Liquor Cases Before Judge Phelps.

Janesville alleys must be kept clean or the reason will be learned.

So says Health Officer Gibson, and he backs up his words with deeds. This morning he gave Chief Acheson notices to serve on Hanley Brothers, the fruit merchants, and L. A. Williams, manager of the Williams estate.

And there are still others.

The health officer says that special attention is to be paid to the sanitary condition of the city this year, and that all violations will be seen to. The spring season came unusually early this year, and consequently the work is now taken in hand. The dumping of rubbish, etc., within the city limits will also be looked after and no nuisances will be permitted to exist.

And Chief Acheson has a lecture to read too.

People complain to him that bicyclists are using the sidewalks, and there is a city ordinance to prevent the practice. All violations of this ordinance will be prosecuted, and the chief will make an example of the first man he catches, be he rich or poor, short or tall, lame, halt, or healthy. Complaint is made that church goers are annoyed by riders who disobey the ordinance on the Sabbath, which is just that much worse.

Dalton Pleads Guilty.

James Dalton, who pleaded not guilty to selling liquor on Sunday, when brought into court yesterday, this afternoon changed his plea to "guilty" and Judge Phelps assessed a penalty of \$50 and costs against him.

William Nash, who is charged with selling liquor without a license at Milton Junction, was before the municipal court this morning, the case being an appeal from the Junction justice's court decision, but an adjournment was taken until April 28, at 10 a. m. District Attorney Jackson is prosecuting, while H. S. Sloan appears for the defense.

William Bahr, who is charged with keeping his saloon, at the corner of Academy and West Milwaukee streets, open on Sunday, demanded a jury trial when his case came up in the municipal court this morning, and the matter will be heard again tomorrow morning. City Attorney McElroy represents the city, while T. S. Nolan appeared for Bahr.

SHOES must go, price or no price, we must make the stock move in a hurry. It's a shame to sell goods with high grade makers names on them at such prices as we ask, but it can't be helped. Becker & Woodruff.

A Good Speculation.
Philanthropist (joyously)—I am delighted to learn that you have promised your sick daughter \$50 on the day she is well enough to go out.
Old Closefist—Yes, the doctor said she only needed encouragement.
"That will, no doubt, do her good. Fifty dollars is a good deal of money to her."
"Yes, and to me, too; but it would cost more than that to bury her."—N. Y. Weekly.

Applied Inwardly.
"These hyar patent medicines ain't worth a cent," said Jim McSniffer, who lives on a ranch in the flea-infested region of the Calaveras canyon, and was visiting a friend in San Antonio.
"How so?" asked Charley Scheide-mantel, his city friend.
"Wa-al, I took two whole bottles of magic insect powder. It made me sicker than a dog, and the insects pestered me wusser than ever."—Texas Sifter.

The Usual Thing.
Let noble deeds our lives so fill,
That when death claims our strength,
The funeral procession will
Be "over a mile in length."

A ROLAND FOR AN OLIVER.
Park Policeman—Yez can't sleep here!
Tramp—Be gobbs, yez needn't be so rough 'cause you woke up first.—Truth.

She Objected.
"Let me wear you on my heart
And ward off all disaster."
"No, sir," replied the damsel tart;
"I'm not a porous plaster."
—Chicago Record.

Interested in Science.
Boston Dame—My dear, where are you going?
Cultured Daughter—To Prof. Dry-bone's lecture on "Pacillus Lacterium Nonestubus." Miss Backbay is to be there, and I hear she has just got a nice bonnet from Paris.—N. Y. Weekly.

The Ex-Pensive Mood.
Smith—You are in rather a pensive mood to-night, Jones.
Jones—Yes, I just got a bill for the diamond pin my wife presented me for my birthday, and I am wondering where the penses are to come from to settle it.—Detroit Free Press.

Nothing to Worry About.
Young Mother (displaying the baby)—Do you think he looks like his father, Mr. Oldboy?

Mr. Oldboy—Well, ye-es, there is a family resemblance; but it isn't striking enough to worry about.—Bay City Chat.

An Impertinent Question.
"You mustn't be saucy, Fanny," said the maiden aunt to the little girl. "No one will love you if you are."
"Were you saucy when you were a little girl, aunty?" asked the guileless child.—Truth.

An Infallible Sign.
"She is determined to marry him."
"How do you know? Did she tell you so herself?"
"No, but she told me that she had begged him not to buy her an expensive birthday present, but to save his money instead."—To Date.

Her Impressions.
Mamma—Now, dear, can you remember anything about the sermon?
Small Daughter—Oh, yes, mamma. It was all about the foolish people that strain at gates and swallow sawmills.—Boston Transcript.

MELANCHOLY WOMEN.

AFRAID SOMETHING DREADFUL IS GOING TO HAPPEN.

How a Little Baby Girl Rolled the Clouds Away.

Of course a woman will naturally see the dark side of everything when tortured by some form of female disease, which her doctor cannot or does not relieve.

No wonder she is melancholy when head and back ache, pains run through the whole body and loins, nerves are weak, stomach out of order, digestion poor, sense of fullness and bearing-down, poor sleep and appetite, always weak and tired, irregular menstruation, whites, etc.

She probably is not so fortunate as to know that all female ailments are indicated by these never failing symptoms, and are controlled by Lydia E. Pinkham's Vegetable Compound; all female weaknesses quickly disappear by its use. It has been the thinking woman's safeguard for twenty years, and all druggists sell large quantities of it because it can be relied upon.

Still another woman speaks:

"I wish you would publish my name with your testimonials. I want every one to know that your Vegetable Compound has made me well and strong. I sing its praises all the time. When I was first married I was very weak and had female troubles badly; Oh, I was so weary, sick and melancholy, but the Vegetable Compound built me up, and now I have a dear baby girl, and I am so happy. No home is complete without a dear little baby and Lydia E. Pinkham's Vegetable Compound to roll the clouds away."—MRS. GEO. CLAUD, 35 Danforth St., Buffalo, N. Y.

HO! FOR MISSOURI.

There is certain to be a decided activity in the sale of Missouri farms this year. During the last six months inquiry for improved farms in Missouri has been greater than ever before. There is no part of the West where more inviting prospects abound for the farmer, and but for the hard times all over the country there would be an actual boom in Missouri. The farmer who is looking for perpetual summer and never failing deposits of moisture, land that will raise abundant crops, and other Eden-like conditions, which everybody would like to have, will search in vain for those conditions, but if he will stop in Missouri and settle down to business he can approach nearer to his ideal than he can anywhere else in the Union. It has been the experience of Missouri farmers, that they have had as many blessings of Nature and as great a degree of prosperity as those of any other section of our great country. Missouri no longer turns the cold shoulder to home seekers. There is not a nook or corner of the state where the security of property, now, is not as well assured as in any other state in our land. Taxes are generally very low, and very much lower than they are in Wisconsin. Political opinions are no bar to the enjoyment of every right of citizenship. Sure crops, ample transportation for all products of the soil, convenient markets, cheap fuel, mild climate, abundance of timber of all kinds, pure water, nutritious grasses, blue grass pastures, and above all her vast crops of all kinds of fruits are among the advantages to the farmer. No state or locality leads MISSOURI in the production of fine fruits. Not even France or Spain, with their vast vineyards, have any advantages over Missouri in fruit-growing. In four years' time we have sold over \$300,000 worth of improved farms in Missouri. We are now prepared to sell improved farms, in thickly settled locations with lands as good as any in Wisconsin, at from \$20 to \$40 per acre. We can furnish excursion rates to Macon, Mo.

We have A MOST BEAUTIFUL FARM of 800 acres right at a station of 3000 inhabitants on the Santa Fe railway, in Lin Co., for sale at \$35 per acre. The buildings and improvements on this farm cost over \$12,000. Can give time on two-thirds of price at six per cent. interest.
